

IES University of New South Wales Sydney, Australia

All IU students enroll in **16 IU credits** (four UNSW courses).

- Fall students take one 4-credit class in August-September + three classes (12 credits) September – December.
- Spring students take one 4-credit class in January + three classes (12 credits) February – May.

Review the following notes; this program has a unique academic structure!

Look at the end of this equivalency list (starting on [page 7](#)) for tips on how to navigate the UNSW Handbook to research course availability and syllabi.

UNSW Academic Calendar and Terms:

- IU's Fall = UNSW's Winter Tailor + Term 3 (see [page 2](#))
- IU's Spring = UNSW's Summer Tailor + Term 1 (see [page 5](#))

Important Notes:

- Many UNSW courses are taught online or hybrid ("Multimodal").
 - IU students must take classes 100% in-person.
- **Courses below may not be offered each term.** These courses have been offered in the past. The articulations below indicate the IU-Bloomington equivalent credit. You can find a potential list of courses available each term in the [University of New South Wales Handbook](#) and [UNSW Winter Tailor Courses](#)
- Undistributed 100-level (-OS 100) courses have not yet been evaluated by an IUB department. Courses with a DEPT–OS 100 equivalent may count towards overall credits to graduate. However, students may submit the course materials to that department for evaluation towards a specific credit either before or after studying abroad.
- A course listed as OS200/300/400: the academic department has evaluated the course. Be in touch with the academic department to determine how course may fulfill degree requirements.
- Some courses may carry pre-requisites; be sure to check the university's site to determine eligibility.
- Students should inquire with ksabroad@indiana.edu about business credit.

Symbol Key:

1. #: GEN ED A&H credit
2. %: GEN ED S&H credit
3. *: The department has reviewed the course and determined it does not carry more than OS-100.
4. + IU Title: Special Topics in Foreign Study (upper-level elective credit in COLL)
5. ^ SPEA Topics courses; must obtain advisor approval whether course will apply to specific SPEA major based on IUB matriculation. [Check SPEA Approval List](#) and confirm with your O'Neill Advisor in advance of your study abroad experience.
6. ! Must confirm with Biology department how course may fulfill degree requirements.

If you want to be abroad in IU's Fall Semester, you need to look for classes in UNSW's Winter Tailor and Term 3. ([See page 5](#) for IU's Spring Semester)
