Christchurch IES
University of Canterbury

Important Notes:

- Courses below may not be available each term. These courses have been offered in the past. The articulations below indicate the IU-Bloomington equivalent credit. You can find a potential list of courses available each term on the University of Canterbury Advanced Course Search page
  - Enter a keyword OR
  - Use the drop-down menu on the left to search by subject
- Keep in mind that Semester 1 is equivalent to our Spring semester and Semester 2 is equivalent to our Fall semester.
- Undistributed 100-level (-OS 100) courses have not yet been evaluated by an IUB department. Courses with a DEPT–OS 100 equivalent may count towards overall credits to graduate. However, students may submit the course materials to that department for evaluation towards a specific credit either before or after studying abroad.
- A course listed as OS200/300/400, the academic department has evaluated the course. Be in touch with the academic department to determine how course may fulfill degree requirements.
- Some courses may carry pre-requisites; be sure to check the university’s site to determine eligibility.
- Students should inquire with ksabroad@indiana.edu about business credit.
- Students are required to take the equivalent of 15-19 credits (60-76 University of Canterbury points, generally four courses)

Symbol Key:
1. #: GEN ED A&H credit
2. %: GEN ED S&H credit
3. *: The department has reviewed the course and determined it does not carry more than OS-100.
4. + IU Title: Special Topics in Foreign Study (upper-level elective credit in COLL)
5. ^ SPEA Topics courses; must obtain advisor approval whether course will apply to specific SPEA major. Check SPEA Approval List for currently approved courses. Students can earn up to two SPEA courses on an OVST study abroad program.
6. ! Must confirm with Biology department how course may fulfill degree requirements.
Courses may be available in the following disciplines:

**Antarctic Studies**
- Antarctica and Global Change
- Antarctica: Life in the Cold
- Antarctica: The Cold Continent

**Anthropology**
- Cultural Diversity and the Making of the Modern World
- Doing Ethnography: Concepts and Practices
- Environment, Development and Disaster
- Ethnicity and History
- Exploring the Past
- Human Evolution
- Identity, Ritual and Power: An Intro to Anthropology
- Kinship and Family in Comparative Perspective
- Music in Aotearoa New Zealand

**Art History**
- Art and Revolution
- Art and Things: Introduction to Art History and Material Culture
- International Contemporary Art
- Japanese Art
- Medium and Materiality in Contemporary Art
- Picasso Who? Introducing Modern Art

**Biology**
- Advanced Molecular and Industrial Microbiology
- Cell Biology I
- Cell Biology II
- Cellular Biology and Biochemistry
- Diversity of Life
- Ecology
- Ecology, Evolution and Conservation
- Evolution
- Evolutionary Ecology
- Evolutionary Genetics
- Foundations in Molecular Biology
- Freshwater Ecosystems
- Genetics and Evolution of Invasive Species
- Human Biology
- Marine Biology and Ecology
- Marine Ecosystems
- Microbiology
- Molecular Genetics
- New Zealand Biodiversity and Biosecurity
- Plant Development and Biotechnology
- Plant Diversity and Systematics
- Population Ecology and Conservation
- Principles of Animal Behavior
- Principles of Animal Physiology
- Principles of Plant Physiology
- Trees in the Landscape
- Vertebrate Biology

**Business**
- Organisational Behavior
